

## BINDEX AS 06

---

### Description

ACRYLIC POLIMERY IN WATER EMULSION

---

### Specifications

<i>Appearance</i>	<i>White liquid</i>
<i>Total solids (%)</i>	<i>36,0 +/- 1,0 %</i>
<i>pH</i>	<i>7,5- 9,0</i>
<i>Charge</i>	<i>Anionic</i>

---

### Employment Fiel

*Bindex AS 06 is an emulsion with very fine particle, with the unique feature of low tackiness together with excellent resistance to softness and solvent.*

*Thanks to its softness and elongation retention, this polymer is suitable for finishing leather for furniture, and in general for all finishing on soft and stretchy leathers. Furthermore it has excellent covering and film forming capacity, even when applied in very dilute mixes, giving very uniform finishes and at same time a natural grain.*
